

## NEWS of the FRATERNAL SOCIETIES

### FULL PROGRAM FOR MARCH 17

#### Hibernians of Houghton County to Gather in Calumet

The banquet to be given Tuesday evening, March 17, in the Calumet Light Guard armory under the auspices of the Ancient Order of Hibernians, the principal feature of the county celebration to be held here in observance of St. Patrick's day, promises to be one of the most successful events of the season. Tickets are now on sale at seventy-five cents each and a large number have been disposed of. The public is cordially invited to be present and to enjoy this distinctly Irish night. The Hibernians give full assurance that all who attend may expect a very pleasant evening.

It has been decided that the banquet will begin at 5:30 o'clock. The following is the menu:

Olives • Salted Nuts • Celery  
Cold Roast Beef • Mashed Potatoes  
Cabbage Salad • Radishes  
Boiled Ham • Moulded Irish Salad  
Pickled Beets • Ox Tongue  
Cheese Straws  
French Rolls • White Bread  
Graham Bread  
Fruit • Assorted Cake  
Coffee

Following is the program arranged at a meeting of the various committees last evening:

Toastmaster—Circuit Judge P. H. O'Brien.

Prayer—Rev. Fr. Basil.

Vocal solo—Alleen Ashmore, Mrs. Brennan.

Vocal solo—Hear the Thrush at Evening, Miss King.

Address—Ancient Order of Hibernians, Dr. J. E. Scallion.

Vocal solo—Macusha, Pat Lang.

Address—Fraternalism, Dan Holland.

Vocal solo—An Irish Love Song, Miss O'Duffy.

Address—Ireland's Struggle for Liberty, Miss Mahoney.

Vocal solo, selected—Miss DesOrmiers.

Vocal solo—Kerry Dances, Miss Dell Oso.

Address—Faith and Fatherland, D. Foley.

Vocal solo, selected—Charles Weisen.

The members of Divisions No. 2 and 5 of Calumet will attend special high mass at the Sacred Heart church Tuesday morning. Early in the afternoon they will march to the depot to greet visiting members from other parts of the county and immediately after the arrival of these visitors, a parade will be formed and will proceed through the principal streets of Calumet, ending at the Red Jacket town hall where a short program will be provided. The C. & H. Hubbell and other bands will appear in this parade as will the Hibernian Rifles of Hancock.

**Laurium Pythians.**

John K. Finlayson, the new captain of the first and third rank degree teams of Laurium Lodge, No. 202, Knights of Pythias is busily engaged in organizing the teams which will represent the lodge in the contests held in connection with the upper peninsula reunion at Ishpeming. Mr. Finlayson succeeds J. Cadwell as captain of the first rank degree team and H. E. Sanzster of the third rank team, these officers having recently tendered their resignations so that the team leadership should fall into new hands. There is considerable material in the lodge from which to develop both teams and little doubt is expressed that Laurium will be as prominent a contender for the honors this year as in the past.

Laurium will pay special attention this year to the new ritualistic first degree which differs somewhat from the dramatic first degree as conferred by Laurium lodge in the past, work which originated with Laurium lodge members, Neil Campbell, now of Detroit and Dr. H. E. Sanzster. This will not deter the members from continuing practice in the old form, however, and it is altogether likely that Laurium lodge will confer both the ritualistic first and the dramatic first at the Ishpeming state convention in June, giving the delegates an opportunity to judge which is superior. In the event the dramatic first degree is

**Stomach Upset?**

Get At the Real Cause—Take Dr. Edwards' Olive Tablets.

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way, when the liver and bowels are performing their natural functions, away goes indigestion and stomach trouble.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with indigestion, food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. The Olive Tablet Company, Columbus, Ohio. All druggists.—Advertisement.

## LONDON CHORUS GIRL MAY SUE TITLED ACTOR

MISS PAUL AUFRERE.

New York, March 10.—Viscount Dangan and his show-girl bride, the former May Picard, will not go back to London on their honeymoon. The happy young couple plan to remain right here in little old New York. There is a good reason, hint some of their friends, for the action of the Viscount in cancelling the proposed trip back to England. Miss Paul Aufrere, another London chorus girl, was until last August engaged to Dangan. It was he who called off the engagement. He declares he does not go back to England because it is not likely that he and his father would patch up their differences. But, says a rumor, Dangan would most certainly be served with papers in a suit if he dares set foot on British soil. Dangan and his bride are both members of a theatrical company now showing on Broadway.

## University of Michigan

News of Interest From the State's Chief Educational Institution.

### The Summer Session.

The twenty-first annual summer session of the University of Michigan will open June 29 and continue for eight weeks in all departments, except in the College of Medicine and Surgery, a six weeks' term. The teaching staff will number about 200 and will be selected almost exclusively from the regular faculties.

The summer session differs from the regular session in that there are no formal requirements for admission, though the work is equivalent in method, character, and credit value to that of the academic year. Students who desire to become candidates for a degree must, however, matriculate and satisfy the usual requirements for admission to candidacy. In the College of the Arts and Sciences it is now possible to secure a bachelor's degree by attendance upon three summer and three academic sessions. In general, this reduction in time may also be made in all other departments.

Besides those included in the regular academic program, provision has been made for daily public lectures on a wide range of special subjects. These lectures will be given by members of the faculties and visiting lecturers, and are free to the public. Dramatic recitals, concerts, open air performances by the Ben Greet Woodmen Players, excursions to Niagara, Put-in-Bay, and Lake Erie, receptions, etc., afford further non-academic attractions for the summer student.

One of the special courses offered for the summer deals with the science of practical embalming. The certificate in embalming and sanitary science, issued to those who complete this course, is recognized by the Michigan State Board of Health in lieu of an examination for an embalmer's license.

Ann Arbor affords an ideal place for summer study and recreation. An extensive park system, the Huron River and Whitmore Lake, the picturesque boulevards, a completely equipped athletic field of forty acres, the easy accessibility of Detroit, Lake Huron, Lake St. Clair, Lake Erie and various Canadian points, besides healthful climatic conditions—all these combine to make Ann Arbor a most popular city for summer school purposes.

Last summer 1,408 students were in attendance, about 50 per cent of those in the College of Science and the Arts being teachers, a considerable number of whom were professors in colleges and universities, superintendents, or high school principals and teachers. Over 400 college graduates were in attendance. All the states and territories and a large number of foreign countries were represented.

During the past three years the university extension lectures have numbered over 200,000 people in the state of Michigan. These lectures, given by the university faculties, are free to the people, the expense being defrayed by an appropriation made by the board of regents.

A current events course has been organized in connection with the work

## The Saving of Money by the use of Royal Baking Powder is considerable

Royal is economical, because it possesses more leavening power and goes further. Royal saves also, because it always makes fine, light, sweet food, all digestible; never wastes good flour, butter and eggs.

More important still is the saving in health. Royal Baking Powder adds anti-dyspeptic qualities to the food.

There is no baking powder so economical in practical use, no matter how little others may cost, as the Royal

### BACK TO FARM MOVEMENT IS GROWING SAY DEALERS

DEMAND FOR CUT OVER LAND INDICATES MANY WILL BECOME AGRICULTURISTS.

There is a healthy demand for farm lands among people of Laurium, which, real estate dealers assert, indicates that the back-to-the-farm movement has by no means subsided. Inquiries are being made almost daily for cut-over tracts in and adjacent to the copper country and it is apparent that value of a well managed farm is realized, particularly by people of comfortable means. Businessmen as well as others who have money to invest are among the inquirers and while a majority prefer a farm that already is cleared, they are not adverse to buying unimproved land.

The advertising which the upper peninsula enjoyed through the offices of the Upper Peninsula Development bureau is regarded locally as the creator of an agricultural boom and people with farm lands to sell are reaping the benefit of it, as well as those who are buying tracts. The systematic campaign which the bureau has instituted already has brought results in that a number of inquiries have been received in Laurium from people residing in lower Michigan and in other states. In addition to many transactions in

local farm lands, considerable attention has been directed toward agricultural districts of other states and not a few copper country people who have profited through judicious investment are buying improved tracts in the northwest.

### PRIZES FOR DOG RACES.

Merchants Contribute to Saturday's Derby—Many Entries Filed.

Businessmen are liberal in their support of the dog derby which will be held in Laurium Saturday afternoon and with a large list of entries that already has been filed, the event promises to be a success. James T. Fisher, one of the promoters of the races, is in charge of the contributions and in addition to many small prizes, a number of cash donations have been received by him.

Third street will be placed in condition for the races Friday afternoon and Marshal James Wills will have a staff of assistants who will keep the track clear. It has been suggested that the course be roped off to keep spectators from crowding upon the track and it is likely that this arrangement will be made. Dan Cusick, the director of the derby, is receiving entries at the town hall.

### TRUSTEES REORGANIZE.

At a recent meeting of the First Baptist church, new trustees were elected and the board subsequently has reorganized. Edward Lee has been named chairman, I. J. Roedel is secretary.

### AMUSEMENTS.

AMUSEMENTS.

tary and Henry Betking. Mrs. James Green and I. J. Roedel were named on the finance committee.

### SUICIDE IS VERDICT.

A jury, impounded by Coroner William Fisher to inquire into the death of Oscar Johnson, whose body was found in the Laurium jail two weeks ago, yesterday returned a verdict of suicide. The verdict was "that the deceased came to his death by his own hand, by cutting his throat with a razor, with suicidal intent."

A son has been born to Mr. and Mrs. Simon J. Carter of 503 Pewabic street.

### AMUSEMENTS.
